If I were a girl I would want to date James Godfrey

James Godfrey has established himself as the number 4 batsman in the 3rd grade team. A stylish right handed bat, James has a vast array of strokes and will score in all areas of the park. Runs flow freely from his blazing piece of willow, which makes for an entertaining adventure whilst James is at the crease.

Godfrey is currently at a phase where it is either feast or famine as he is vulnerable early flashing at deliveries or missing straight balls. However once settled, Godfrey looks to get on top of any bowling and assert his influence on the game.

James is seldom called upon to roll his arm over (possibly because of his inability to bend his back) and so works extremely hard on his fielding. He excels in the slip cordon early in the innings before graduating to the boundary when the spinners come on. His quick movements, safe hands and rocket like arm is a combination which a batsman should not reckon with.

A bright future is on the cards for James if he can manage to consistently make runs coming in at number 4. He has been earmarked for higher grades but his currently earning his penance as the key play-maker for his side. If James Godfrey is making runs it goes a long way to helping his side to victory.
